OBJECTIVE

Graphic design and prepress position in which my skills and experience can be fully utilized.

SUMMARY OF QUALIFICATIONS

Motivated, conscientious self-starter with excellent design and prepress skills. Ability to work as team player and independently. Detail oriented with strong problem-solving ability. Proficiency with both Macintosh and Windows systems.

COMPUTER SKILLS

Adobe Photoshop, Illustrator, InDesign, ImageReady, PageMill, Acrobat and TrapWise. QuarkXPress, Corel Painter and Flightcheck. Microsoft Word, Excel and Publisher.

PROFESSIONAL SKILLS**Computer Graphic Design**

- Designed trade and mass market publications in the fields of computers, art, science fiction, comics and children's books.
- Developed commercial websites for clients and employers.
- Designed new logos and corporate identity for customers and employers.

Prepress Management

- Handled layout and issue planning of monthly consumer computer print magazine. Assigned photography and illustration. Calculated final page length from editors' and contributors' manuscripts.
- Headed the design and production department of consumer automotive magazine. Hired and supervised computer prepress personnel.
- Fulfilled mass online corporate stationery orders with automated direct-to-plate output system. Corrected production problems and interacted with customers to produce special orders and foreign translations.
